Estimate for Rs 735/- for deviating the 7" C.I Main Line to the west of Sannidhi Road, Basavanagudi Also Office Note in the matter"

Resolution - Mr B T Gupta observed, that while granting the land, the Municipality ought to have taken sufficient precaution, to see that no structures were put up or whether it would be required for some municipal work later on If this had been done, the present trouble would not have arisen The land was given for a very small amount, but the municipality had to foot a fairly large bill to deviate the line He moved that the land may be acquired back at the rate at which it was given to the party and the estimate need not be sanctioned

Mr K V. Nagaraj seconded it

Mr H C Suryanarayana Rao observed that it was not justifiable to take this step as the land had been given away to the party

Resolution - The estimate is not sanctioned The land may be acquired at the rate at which it is given to the party

Subj - Acquisition of vacant Site No 1 in Halliyarjuna temple street, VIII Division Bangalore city

Sir,

With reference to the correspondence ending with your letter No L1 C 795/44-45 dated 20-12-45 forwarding the draft preliminary notification for the acquisition of the above land, for running a water pipe line, I am directed to observe that as the line running through the corner of the above site is only of a low pressure 7" gravity main, laid at about 3' to 4' depth underground, it would meet the requirements if the owner of the site

undertakes not to erect any
foundation on the main
and builds a small tunnel
to support his walls, wherever
they cross the water main in the above case,
Government therefore do not
consider ~~that it is~~ at
necessary to acquire the
site in question
